

HARBOR RECUPERATIVE CARE

TIER LEVELS

ALL Tier Levels have the following in common:

- 1) Candidate is Homeless or Temporarily Homeless
- 2) Must meet the criteria of HRC defined on the Referral Contact Form
- 3) Is currently hospitalized, but has recovered enough to be discharged to a home environment
- 4) Will initially require bed rest with bathroom privileges
- 5) Has a finite Length of Stay indicated by the referral contact (average LOS: 2-6 weeks)
- 6) The Tier may change during an individual's stay at HRC depending on a change in acuity*.
- 7) Candidates are evaluated by HRC Admissions on a case-by-case basis utilizing HRC criteria.

TIER ONE Candidate is:

- Recovering from an exacerbated, chronic medical condition
- Requires minimal supervision
- Is able to perform ADLs

TIER TWO Candidate is:

- Recovering from an acute medical condition (such as a wound, amputation, pressure sore)
- Is able to perform ADLs with minimal one-person assistance.
- Uses an assistive mobile device (such as wheelchair, FWW)
- Minimal Home Health for wound dressing changes

TIER THREE Candidate is:

- Recovering from either a chronic or acute medical condition and requires significant assistance with ADLs
- Medical conditions requiring Home Health interventions or frequent staff observation (IV antibiotics, O2, Incontinence, catheter care, colostomy care, dialysis)

TIER FOUR Candidate is:

- In hospice

*If there is a change in acuity enough to place an individual in a different Tier, HRC will notify the Referring Client of the change in a timely manner.
